

A net of a rectangular prism. It consists of two identical horizontal rectangles, one above the other. Each rectangle is divided into three equal vertical sections by dashed lines. The top rectangle has a trapezoidal tab attached to its top edge in the rightmost section and a trapezoidal tab attached to its bottom edge in the leftmost section. The bottom rectangle has a trapezoidal tab attached to its bottom edge in the leftmost section and a trapezoidal tab attached to its top edge in the rightmost section.
